13 ▼ What's going on with big tech, china, lockdowns, the theft of elections, we are way past the point of no return. We will either have civil war or tyranny.

6 ▼ They are already using the power of the state against you. The rule of law is dead. All that is left is the choice between tyranny, and the gun. Which do you want to live with?

5 ▼ Make no mistake, that's their flag and they don't believe in freedom of speech. Freedom of speech is just an opportunity to bully people to them.

2 **ATTENTION PATRIOTS**

▼ REMEMBER: Trump is our COMMANDER.

Stand with Trump. Trust Trump. He has taken us this far, and he knows much more truth of what is actually occurring than all of us combined.

He has given his orders: "Stand down, and stand by. Come to DC to celebrate a great victory."

Remember who controls the Marines. (POTUS) Remember who now controls all US Special Forces. (Sec Miller)

Our enemy wants us to fight. They want violence and chaos. That is how they plan to escape. DO NOT GIVE THEM WHAT THEY NEED.

Trust Trump. Keep the powder dry, until he commands otherwise. (Protect yourself, and each other, when necessary.)

We will do this, TOGETHER.

STAND TOGETHER

1 ▼ This is so true. They just keep push, push, pushing. They steal an election and only some stand up to the fraud. Hawley truly is an American Hero, if only every in congress would stand up for what is right.

-3 ▼ We can't ignore the fact that he burned someone else's property. That was the crime, but by ignoring that fact, it comes across like he was arrested for offending BLM, which is why that part was left out, I know. But let's be honest with our outrage, at least, ok?

It's called having principles, you should try it. He committed a crime, he was punished for it; that is how the world is meant to operate. If you want to cry about something, cry about all the crimes being ignored but don't stand there and say the solution is absolute lawlessness because it's not. The Left wants a world with no law and order, is that where you would prefer to be?

The left has apparently already created world with no law and order, seeing as how their people get away with almost EVERYTHING. Re read my comment. I don't endorse the theft or destruction of someone else's property just because I disagree with them. My point is that laws are being selectively enforced all over the country and it's obviously politically motivated. I personally believe the Proud Boy dude did this shit on purpose to prove that point, though I'm aware I could be wrong.

Also, think about why you're getting shit on. Last year, our country's economy got WRECKED and people's livelihoods were taken away from them by tyrants. Cities were burned, businesses were destroyed and looted, while a complicit media called the events "mostly peaceful." And to top it off, massive election fraud occurred, probably aided by a foreign, hostile government. And here you are, upset because your side is defending someone who destroyed about \$10-\$15 worth of property. That crime gets punished, while the others I laid out get downplayed or outright ignored. You're either living under a rock, or you need to get your priorities in order.

If my priority is that the law applies to everyone and yours is that it applies to no one, then I think I'm good. The concept might be foreign to you, but meaningless internet points from a bunch of braindead morons aren't enough to make me abandon my principles.

You're a pretentious faggot. Learn how to comprehend what you've read. Weak people like you are how things got to be this way in the first place. I bet you're not in DC today.

Your priority should be your country. You apparently only support the law being enforced against the right. You'd have been against the tea party because some property was damaged in the process. Fucking pathetic.
